

Slovak Academy of Sciences issued 'SAS gender equality plan' as a part of the ATHENA project. As the institution founded by the SAS, Centre for Advanced Materials Application, (CEMEA) Slovak Academy of Sciences acknowledges this Plan and commits to adhere to it. We aim to implement the Plan in a form suitable to the specific conditions of our institute to increase the number of our female researchers in the future, and provide them with the equal opportunity to succeed in the higher management positions at the IEE SAS. We consider this change to have important institutional and cultural implications.

Gender Equality Plan as a binding document for the CEMEA can be found on the following website: <https://www.sav.sk/?lang=sk&doc=sas-gender>.

In addition, SAS Gender Equality Plan Implementation Schedule can be found on the following website: <https://www.sav.sk/?lang=en&doc=docs-psav>
